WELCOME TO BLUE CROSS

Blue Cross and Blue Shield of Minnesota is committed to making a healthy difference in people's lives.

Understanding your health plan and the benefits available to you can help you better manage your care.

Your employer, in cooperation with Blue Cross and Blue Shield of Minnesota, provides great benefits, proven support and services, and online resources that give you the information you need to be healthy and make informed decisions.

HOW YOUR PLAN WORKS

You can go to any doctor, specialist, behavioral health provider or hospital that is in your network for care — no referral required. This plan is an “open-access” CMM plan. Open access means you can see any provider you choose. However, coverage levels vary depending on the provider's network status and the type of service received. Check your benefit plan materials for information about specific networks available to you.

You may choose to see other providers in the extended network or nonparticipating providers. However, you will pay a higher share of the cost than if you used your primary care clinic. You can use providers in specific networks for chiropractic, ob/gyn, eye care and mental health/chemical dependency services without a referral.

Blue Cross in-network providers agree to accept the plan's payment in full — called the “allowed amount” (after copays, coinsurance and charges that are not covered). You are responsible to pay any copays, coinsurance or deductible.

By seeing an in-network provider, you'll receive the highest level of benefits and pay the least amount. If you see a health care provider that is not in the plan's network, you will pay more of the cost. When you see an in-network provider for preventive care services, the plan pays 100 percent of eligible costs. In-network providers also file insurance claims for you.

No referrals

You do not need a referral to see a specialist. As long as the health care provider is part of your network, you will get all the advantages of in-network benefits.

How we work with your provider

We work with your in-network provider to make sure you get the care that's best for you. If you use an out-of-network provider or non-participating provider, some or all of the following responsibilities may transfer to you. Here are examples of how we make sure services you receive are effective, appropriate and efficient when you use an in-network provider:

- Make sure you're getting the right level of care
- Authorize selected services
- Plan and coordinate care for special medical needs through our Primary Nurses

How to get care after normal office hours

Call the 24-Hour Nurse Advice Line

Nurses will help you 24 hours a day, seven days a week. They will answer your health questions and help you decide what to do if you are sick or injured. Nurses will not share information about your call with your doctor or anyone else.

Urgent care

A fever, sprained ankle or stomach ache is not an emergency, but you still may need to see a doctor. This is called “urgent care.” Call your clinic if you need urgent care. They will help you decide what to do next. You can also search for urgent care facilities on our “Find a doctor” web tool available on **bluecrossmn.com**.

Better care through quality improvement

Every year, Blue Cross reviews the care delivered to our members. This review determines the goals for the quality improvement program. The program currently has many goals to improve health services.

Making sure our members receive preventive services and health screenings; making sure people with health problems, like heart disease, receive treatment; and improving the customer service experience are just a few of the goals in the program.

More detailed information is available about Blue Cross' process and outcomes in meeting quality improvement goals related to member care and service. You can see more information about our quality improvement program at **bluecrossmn.com**. Enter “quality improvement program” in the search field.

Medical decisions

Decision making is based only on appropriateness of care and service and existence of coverage. Blue Cross and Blue Shield of Minnesota and Blue Plus (Blue Cross) does not compensate providers, practitioners or other clinical individuals conducting decision-making activities for denials of coverage or service. Blue Cross does not offer incentives to decision-makers to encourage denials of coverage or service that would result in less than appropriate care or under-utilization of appropriate care and services.

HEALTH CARE DECISION SUPPORT TOOLS

As a Blue Cross member, you have access to a variety of tools that can help you make informed decisions about your health care. Sign into bluecrossmn.com to see all of the resources available to you.

“Find a doctor” web tool

Health care can be confusing. But with the help of the “Find a doctor” tool, you can easily find the best care for you and your family.

With the “Find a doctor” web tool you can:

- Choose a doctor, hospital, urgent care or convenience clinic in your network based on cost and quality ratings
- See estimated total costs and how much you’ll pay out of pocket for more than 400 common procedures
- Read and write reviews on your provider and experience

Online care

Get real-time, online access to board-certified physicians, psychologists, psychiatrists and lactation consultants 365 days a year through Doctor On Demand.

On-demand care from board-certified physicians is available in 47 states from 7 a.m. to 11 p.m. daily; appointments are available 24 hours a day.

Licensed psychologists, psychiatrists and lactation consultants are available in all 50 states by appointment from 7 a.m. to 10 p.m. daily.

A typical medical visit costs \$40, and depending on your health plan, all or some of the cost may be covered. Your visit will be processed like a typical medical claim so no up-front payments are required, with the exception of copays, if applicable. Online care lactation consultations are an out-of-pocket expense.

Doctor On Demand is available on camera-equipped smartphones, tablets or computers through DoctorOnDemand.com/bluecrossmn or the Doctor On Demand app (available on Android, Apple and Kindle).

*Doctor On Demand is an independent company providing telehealth services and is not available in every state. CheckDoctorOnDemand.com/bluecrossmn to ensure you are located in a state that is eligible to participate.

Shopping for care

You can take advantage of these resources, too:

Our tools are powered by cost and quality data from Blue plans across the country.

 Visit bluecrossmn.com and sign in, then select “Shop for Health Care” on your dashboard.

Go mobile with the Blue Cross app

With the BlueCrossMN mobile app, you can access your personal health plan information wherever you go.

- Have your member ID card always handy
- See your claims information
- Find doctors, clinics or hospitals

To use the app, you have to be registered for myBlueCross at bluecrossmn.com. Once registered, you can then download the app to your smart phone.

YOUR CARE NETWORK

Minnesota networks

Each health plan option comes with a designated network. See the following “Find a Participating Provider” section for directions on checking if your desired provider is in the selected network. Whenever you travel outside the state, you’ll be covered by the National BlueCard network of providers.

Each health care provider in the network is an independent contractor and not our agent.

Aware network – This is an open-access network which means you can see the health care providers you want without a referral. This network includes 100 percent of hospitals and 98 percent of physicians in Minnesota.

National and international coverage

With the national BlueCard network you can have in-network access to more than 92 percent of the providers in the United States. BlueCard Worldwide® offers in-network access to doctors and hospitals in more than 200 countries. For more information about how your benefits cover care received internationally, check your Summary Plan Description/Certificate of Coverage or contact customer service at the phone number on the back of your member ID card.

Whether you are traveling or living in another Blue plan’s* service area, the BlueCard network is there for you.

*Each local Blue Cross and/or Blue Shield plan is an independent licensee of the Blue Cross and Blue Shield Association.

FIND A PARTICIPATING PROVIDER

In Minnesota or nationwide

- Sign in at bluecrossmn.com and select “Find a Doctor.”
- Or, call customer service at **(651) 662-5001** or toll free at **1-800-531-6676**

In the BlueCard Worldwide network

- Visit bluecardworldwide.com
- Or call BlueCard toll free at **1-800-810-BLUE (2583)** or collect at **(804) 673-1177**. When you call, tell the representative that you have “National BlueCard network” coverage and what type of health care provider you need.

Behavioral health and chemical dependency treatment and chiropractic care

If you or someone covered by your plan needs behavioral health, chemical dependency or chiropractic care, you have several options to choose from. To find a provider, call customer service at **(651) 662-5001** or toll free at **1-800-531-6676**.

Blue Distinction® Specialty Care Program

Blue Distinction is a national program that was created to help you find the highest quality specialty care centers for spine surgery, knee and hip replacements, cardiac care, bariatric surgery, complex and rare cancers treatments, and transplants. Blue Distinction has evolved to include more robust quality measures and cost-efficiency criteria, and now has two designations: Blue Distinction Centers® and Blue Distinction Centers+SM.

i To learn more about Blue Distinction Centers® (BDC), visit bcbs.com/bluedistinction and look for the BDC icon. You can also call customer service at **(651) 662-5001** or toll free at **1-800-531-6676**. To find a BDC provider in your network, be sure to use the Find a Doctor tool at bluecrossmn.com.

Note: Blue Distinction Centers met overall quality measures for patient safety and outcomes, developed with input from the medical community. Blue Distinction Centers+ also met cost measures that address consumers’ need for affordable healthcare. Individual outcomes may vary. National criteria is displayed on www.bcbs.com. Neither Blue Cross and Blue Shield Association nor any Blue plans are responsible for damages, losses, or non-covered charges resulting from Blue Distinction or other provider finder information or care received from Blue Distinction or other providers. Designation as Blue Distinction Centers means these facilities’ overall experience and aggregate data met objective criteria established in collaboration with expert clinicians’ and leading professional organizations’ recommendations. Designation as a Blue Distinction Total Care Provider means this provider has met the established national criteria and has been designated by the local plan. Individual outcomes may vary. To find out which services are covered under your plan at any facilities, please call the customer service number on the back of your member ID card before making an appointment, to verify the most current information on its network participation and Blue Distinction status.

Your out-of-pocket costs depend on the network status of your provider. To check status, call Blue Cross customer service or visit bluecrossmn.com.

Lowest out-of-pocket costs: in-network providers*

Higher out-of-pocket costs: out-of-network participating providers**

Highest out-of-pocket costs: out-of-network **nonparticipating** providers (You are responsible for the difference between Blue Cross' allowed amount and the amount billed by nonparticipating providers. This is in addition to any applicable deductible, copay or coinsurance. Benefit payments are calculated on Blue Cross' allowed amount, which is typically lower than the amount billed by the provider.)

This is only a summary. Read your Certificate of Coverage for more information about what is and isn't covered. Services that aren't covered include those that are cosmetic, investigative, not medically necessary or covered by workers' compensation or non-fault insurance.

YOUR PRESCRIPTION DRUG PLAN

Blue Cross has nearly 66,000 participating pharmacies nationwide. By using a pharmacy in your network, you pay a lower cost and your pharmacist files claims for you. If you use an out-of-network pharmacy, you will have to pay the pharmacy in full and then file a claim.

Select network. National pharmacy network of approximately 65,000 pharmacies that can fill 30-day prescriptions, with a subset of 55,000 pharmacies that can fill both 30- and 90-day prescriptions.

To find a participating pharmacy, sign in at **bluecrossmn.com** and see “Prescription Drugs” on your dashboard.

Preferred drug list for “best-choice” drugs

A list of prescription drugs preferred by your health plan and drug supplies considered “best choices” based on their safety, effectiveness and cost.

FlexRx preferred drug list offers the broadest choice in therapeutic safety and effectiveness. Contains a combination of brand name and generic drugs, including specialty drugs.

If your drug is not on the list of a closed plan design, we encourage you to talk with your doctor to determine if an alternative drug that is included on the list is appropriate for you. If not, your provider may submit a formulary exception form to Blue Cross and we will work with your provider to obtain information to support the request.

i To get more details about your plan or the preferred drug list, updates to the preferred drug list, drugs that require prior authorization, limits on refills, doses of drugs, process for generic drug substitution or step therapy drugs, sign in at **bluecrossmn.com** and see “Prescription Drugs” on your dashboard or call customer service at **(651) 662-5001** or toll free at **1-800-531-6676**.

ADDITIONAL DRUG SUPPORT

Step therapy program

Step therapy means that you may first need to try a more clinically appropriate or cost-effective drug before we will cover the alternative, higher-cost medication. See your health plan administrator or benefit plan materials for more information.

How to save money on prescription drugs

Ask for generics

Generics work the same as brand-name drugs and save you money. Even if a brand-name drug does not have a generic version, a similar drug may be available as a generic.

If a generic version of your prescription is available, you could save up to 80 percent.

Use a network retail pharmacy

- Visit any participating retail pharmacy and show your member ID card to receive the discounted price and have your claim filed automatically
- To find a participating pharmacy, sign in at **bluecrossmn.com** and see “Prescription Drugs” on your dashboard.

Use the 90dayRx program

If you have a prescription filled regularly, you can get a three-month supply and save. With the convenience of the 90dayRx program, you decide how to get your drugs — delivered to your home via mail, or filled at a participating neighborhood pharmacy.

Using 90dayRx at the pharmacy

- 1** Ask your doctor to write your prescription for a 90-day supply.
- 2** Use one of the many 90dayRx participating pharmacies. To find one, sign in at **bluecrossmn.com** and see “Prescription Drugs” on your dashboard. Look for pharmacies indicating “90-day supply available.”

Using 90dayRx with home delivery

- 1** Ask your doctor to write your prescription for a 90-day supply. Your doctor can instantly send your prescription to PrimeMail with electronic prescribing. Or,
- 2** Ask your benefits department for a PrimeMail order form or get one online at myBlueCross.
- 3** Fill out the form and mail it with your prescription and payment to PrimeMail®, our 90dayRx-by-mail administrator.* You can order refills online by signing in to myBlueCross.

*PrimeMail is a mail-service pharmacy owned and operated by Prime Therapeutics LLC, an independent company providing pharmacy benefit management services.

Preventive drug benefit

The preventive drug program can help cut your drug costs and make sure you stay healthy. The program covers preferred generic and brand-name drugs considered preventive. The cost for preventive drugs is applied toward your preventive benefit and covered even if you haven't met your deductible. See your plan details for complete information about your coverage. You can find the list of preferred preventive drugs when you sign in at **bluecrossmn.com** and see "Prescription Drugs" on your dashboard.

Some over-the-counter drugs are covered

Your health plan covers some over-the-counter drugs, including some antihistamines for allergies and proton pump inhibitors for acid-related stomach disorders.

Specialty drug benefit

Specialty drugs are used to treat complex or rare conditions, including multiple sclerosis, rheumatoid arthritis, hepatitis C and hemophilia among others. The Blue Cross specialty drug program gives you a convenient and cost-effective way to order specialty drugs for delivery to your home. For more information, or to find specialty network suppliers, call customer service at **(651) 662-5001** or toll free at **1-800-531-6676**. Or, sign in at **bluecrossmn.com** and see "Prescription drugs" on your dashboard.

Remember, if you don't use a Blue Cross supplier, you'll be responsible for your entire drug cost.

HOW YOUR CLAIMS ARE PAID

When you see an in-network provider, you receive the highest level of benefits and the provider files claims for you. When you see an in-network provider for preventive care services, the plan pays 100 percent of eligible costs.

If you see an out-of-network provider, you pay more of the cost of your care and may have to file your own claims, as well as perform other notification and administrative requirements.

1 ▶ Your visit

Depending on your plan, you may be required to pay an office copay at the time of service. Your member ID card indicates if a copay is required and the amount is listed in the office copay field.

2 ▶ Your in-network provider submits your claim to Blue Cross

3 ▶ Blue Cross typically processes your claim within two weeks of receiving all the necessary paperwork from your provider

4 ▶ You receive an Explanation of Health Care Benefits

If you owe something to your provider, you will receive an Explanation of Health Care Benefits (EOB) in the mail. The EOB is not a bill. Your provider will send you a bill and the amount owed should match what is explained on the EOB.

Note: Each covered family member can see their own EOBs on their home page after they sign in at bluecrossmn.com.

You can view your own EOBs and those for covered dependents who are under age 12.

5 ▶ Provider bills typically arrive within two weeks after you receive your EOB

6 ▶ Compare your EOB to your provider bill

Make sure the amount on the bill matches what is listed on your EOB. If not, contact Blue Cross customer service.

7 ▶ You and/or your financial account will pay your provider depending on how your financial account is set up

YOUR MEMBER ID CARD

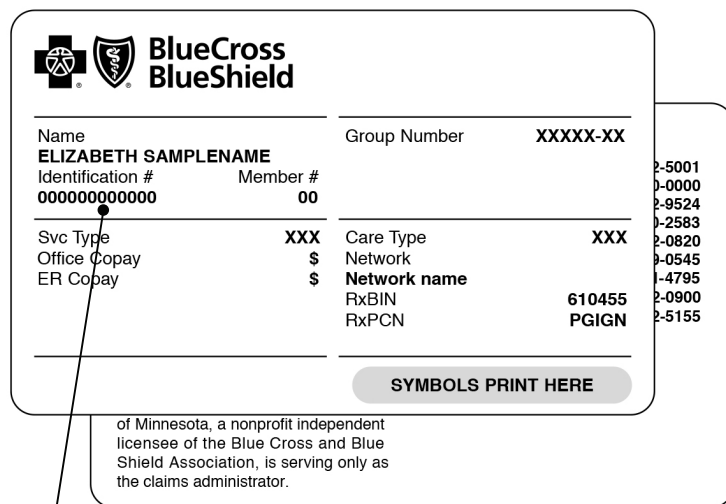

Your member ID card is very important and should be carried with you. It tells providers you have coverage and gives them information needed to submit your claims to Blue Cross. You should also have your member ID card handy when you call customer service.

Each member ID card can be used only for the person whose name appears on the card.

The sample below is a guide only. The information and the format of your card may vary.

If you need to replace your card, sign in at **bluecrossmn.com** and see “My ID cards” or call customer service. You can also print, email or fax a copy of your member ID card.

And don’t forget, if you download the BlueCrossMN mobile app, you can have a digital version of your member ID card on your smart phone. See the “Health care decision support tools” section in this guide for more information.

This is your Blue Cross member ID number. Your calls to customer service will be faster if you have this number handy. Use the resources on the back of your member ID card when you have questions.

® This symbol means you’re eligible for up to a \$20 credit each month on your membership fees at a participating fitness center when you work out at least 12 times per month.

This symbol indicates you can receive benefits while traveling when you see any BlueCard traditional network provider nationwide.

YOUR ONLINE RESOURCE: myBlueCross

As a Blue Cross member, you have access to **myBlueCross** your secure, online member center. All you need to do is sign up. When you want one-stop convenience for all your health plan information, myBlueCross is your best resource. It's simple, easy to use and full of information.

Register today

Registration is secure and fast. With your member ID card handy, go to **bluecrossmn.com** and register for myBlueCross. Be sure to enter your email address so we can send you information more quickly.

After you register, you'll have immediate access to your personal information. Covered family members can also register to see their claims.

Your Information at your fingertips

- View claims, account status and plan information
- Order a replacement member ID card
- Send a secure message to customer service
- Provide your email address to tell us how you would like to receive health support communications — print or electronic

Health and wellness resources

Making the right choices for your health is important and this is a great place to start.

- Prescription drug information
- Fitness, nutrition and stress management resources
- Sections dedicated to women's health, men's health, children's health and more
- Personalized support, online health coaching and a customized dashboard page with easy access to the topics of interest to you
- Interactive calculators to tell you how many calories you burn, your target heart rate and more
- Resources for people living with diabetes, heart disease or asthma

Protecting your privacy is very important to us

We're telling you about Blue Cross and Blue Shield of Minnesota's privacy policy so you know what information we collect, why we collect it and what we do with it. The Health Insurance Portability and Accountability Act (HIPAA) Privacy Rule affords members the right to receive a notice that describes how health information may be used and disclosed and how to get access to this information. This notice is posted online at **bluecrossmn.com** and can also be mailed to you by calling customer service and requesting a copy of the Notice of Privacy Practices. To access the notice online, go to **bluecrossmn.com** and type "privacy" in the site search box.

BLUE CROSS HEALTH AND WELLBEING

When you're a member of Blue Cross, you can take advantage of the following health support resources.

Navigation team

When you have questions about your benefits, a treatment plan, a health procedure or more, just call customer service. You'll be connected with a nurse guide who will listen carefully to your concerns and answer your health and medical questions. Call customer service at **(651) 662-5001** or toll free at **1-800-531-6676**.

Stop-Smoking Support

Enhanced Stop-Smoking Support has helped thousands of people. It provides one-on-one phone coaching, access to a Weight Coach when appropriate, optional text messaging, an interactive website, and tools and strategies to help you quit in your own way, at your pace. The program also includes nicotine replacement therapy.* Call toll free at **1-888-662-BLUE (2583)** to get started.

*Options include the patch, gum or lozenge mailed directly to participants in the program whose medical history does not preclude them from safely using these medications.

Online care

Get real-time, online access to board-certified physicians, psychologists, psychiatrists and lactation consultants with Doctor On Demand. Quick, convenient care is available on demand or by appointment through a camera-equipped smartphone, tablet or computer.

*Please check DoctorOnDemand.com/bluecrossmn to ensure you are located in a state that is eligible to participate.>

Online health assessment

Get an instant picture of your overall health by taking this online, confidential questionnaire. You'll get recommendations plus online health coaching to help you live healthier. To access your health assessment sign in at bluecrossmn.com.

24-Hour Nurse Advice Line

Call the toll-free 24-Hour Nurse Advice Line anytime, day or night, when you have health questions or concerns. A nurse will ask about your symptoms and help you decide whether to get care right away, wait until your clinic opens or care for yourself at home. Call **1-800-622-9524**.

Employee Assistance Program (EAP)

The Employee Assistance Program is a great place to start when personal issues make life difficult. A counselor will listen to your concerns and help you take the next step. Call anytime, 24 hours a day, toll free at **1-800-432-5155** or TTY **1-800-627-3529**.

Fitness Discounts

Eligible members can earn up to a \$20 credit each month toward fitness center dues by working out at least 12 times a month at a participating fitness center. There are hundreds of fitness centers in our network.

- 1 Find a participating fitness center by signing in at bluecrossmn.com.
- 2 Join a participating fitness center. Present your Blue Cross member ID card when you enroll.
- 3 The fitness center tracks your visits and deducts your discount from your monthly membership bill. As long as you are eligible and you meet the minimum number of workout sessions per month, you'll get the discount.

Maternity management

Maternity management support provides education and support to pregnant women so they can achieve the healthiest pregnancies possible. Pregnant women who are at high risk for complications are connected with a dedicated registered nurse to support them during their pregnancy. All pregnant women have access to online tools and resources. To request further information or to enroll, call **(651) 662-1818** or toll free at **1-866-489-6948**.

Preventive care and online coaching

If you or a family member is at risk for developing diabetes, you may be eligible to participate in Prevent, an online coaching program. This coaching program is designed to help you prevent or delay the conditions with lifestyle changes. This program is covered through your benefit plan at no cost to you. To learn more, visit preventnow.com/bcbmn.

Prevent is from Omada Health, Inc., an independent company providing technology-driven preventive medicine.

Chronic Condition Management

If you or a family member have an ongoing health condition such as diabetes, cancer or asthma, you may be eligible to receive telephone support from a health coach through our Chronic Condition Management program. This voluntary program gives you access to a confidential trusted expert who can provide valuable information and guidance that is specific to your condition. Your health coach (registered nurse or behavioral health specialist) will get to know you and support your health the way you want it. To learn more, call the number on the back of your member ID card.

Case management

When you or a family member experience a major health event or illness, we can help you get through it. Our health coaches are nurses, social workers and behavioral health specialists who can provide support, help you coordinate care and identify resources and helpful information. They will work with you, your doctor and care team, and family members to ensure you are receiving the care you need. To get connected with a health coach, call the number on the back of your member ID card.

Vacation savings program

Taking a vacation can be good for your health. And now, saving for a vacation has become even easier. For every dollar you save towards your next vacation (after the first \$100 deposit) in an Adestinn Vacation Savings Account, you'll receive a 50 percent matching credit. All you have to do is open a Vacation Savings Account, set up a savings schedule and start saving. Get 50 percent more spending power at hundreds of hotels and resorts worldwide with the best available rate* and no blackout dates.

Visit adestinn.com/ for more information or to create your account and start saving for your next vacation today.

*See the frequently asked questions at adestinn.com for full details.

Adestinn is an independent company providing vacation savings opportunities. U.S. patent pending. Adestinn is a trademark owned by Adestinn, LLC..

TIPS TO SAVE HEALTH CARE DOLLARS

Here are ways to help you save money on health care related expenses.

Use an in-network provider

Receive the highest level of benefits by using doctors, pharmacies and other health care providers who are in your network. See the "Find a doctor" section to find an in-network provider. Your costs may be much greater if you use a nonparticipating or out-of-network provider.

Take advantage of preventive care

Taking care of yourself includes seeing your provider for regular checkups and screenings. Check your plan to see how to take advantage of your preventive care benefit, including what's covered and how often.

Preventive services guidelines show you what tests and shots your family needs and at what age. These are guidelines for routine care. Talk with your provider about your specific needs.

Get cancer prevention screenings

One of the best ways to keep on top of your health and catch disease in its earliest stages is to follow the recommended healthy adult guidelines for preventive cancer screenings. Talk with your primary care provider about the proper cancer screenings for your age, gender, health history and family history.

Ask for generic drugs

Generic drugs are safe, effective and strictly controlled by the Food and Drug Administration. They contain the same active ingredients as the brand-name versions, can cost up to 80 percent less than brand-name drugs, and work just the same. Ask your provider or pharmacist about choosing a generic when available.

Online marketplace for discounts

ChooseHealthy™ provides wellness products and services that aren't typically covered by insurance. With a national network of more than 22,000 participating merchants, you'll enjoy discounts on products and services that support your health goals — including fitness centers.

Members are eligible for a minimum of 10 percent discount off enrollment and/or monthly dues at more than 12,000 fitness clubs and exercise centers, as well as access to trial memberships or introductory sessions.

In addition, you'll have access to an online library filled with articles and tips to help you maintain a healthy lifestyle.

To learn more, visit bluecrossmn.com.

Note: Complementary care is a separate discount program, and not a service covered under your health plan benefits. Therefore, any out-of-pocket costs do not count toward your plan's out-of-pocket maximums.

ChooseHealthy is a product of American Specialty Health Systems, Inc. (ASH Systems), a subsidiary of American Specialty Health Incorporated (ASH). ASH Systems is an independent entity providing complementary health and wellness products and services.

Explore your health care options

Knowing your options can save you time and money.

24-Hour Nurse Advice Line (no cost to you)

Call **1-800-622-9524**, day or night, when you have symptoms or health questions.

Online care (\$)

Online access to doctors who can answer questions and provide a diagnosis for common health concerns.

Retail health clinic (\$)

Quick, convenient and affordable treatment for many common illnesses.

Physician's office (\$\$)

For a wide variety of services from routine checkups to immunizations during normal business hours.

Urgent care center (\$\$\$)

Handles the same problems treated in a provider's office after normal business hours.

Emergency room (\$\$\$\$)

For the most serious or life-threatening conditions.

GLOSSARY

Helpful terms to know

Your health plan will make more sense if you understand a few important terms.

Allowed amount – The maximum dollar amount Blue Cross will consider for payment for a covered medical service. Network providers have agreed to accept the allowed amount as full payment, less any deductibles, copays, coinsurance or non-covered services that you owe.

Coinsurance – For some services, once a deductible has been paid, coinsurance is required. Coinsurance is a set percentage of the allowed amount that you pay after the deductible, according to your plan. For example:

Allowed amount: \$100 (after Blue Cross discount)

Plan pays: -\$80 (80 percent)

You pay: \$20 (your 20 percent coinsurance)

Copay – For certain services, you pay a set dollar amount or copay (for example \$15). In most cases, copays are paid to the provider or facility at the time you receive service and can vary by the type of service covered.

Deductible – The amount you must pay toward eligible health care services each year before your health plan pays on your behalf. For example, if your deductible is \$1,000, your plan won't pay anything until you've met your \$1,000 deductible. The deductible may not apply to all services.

Eligible charges – Health care services that are eligible to be considered for coverage according to the health plan contract.

Explanation of Health Care Benefits (EOB) –

A notice sent from Blue Cross describing a claim and how it was processed by the plan. It tells you the services provided, the amount billed, payment made and any costs that are the member's responsibility.

In-network provider – A participating health care provider who is in the preferred network for your benefit plan in order to receive the highest level of coverage for eligible services. In-network providers within Minnesota are required to accept the allowed amount, will make all notifications/obtain any prior authorizations on your behalf and are required to file claims for you. In-network providers outside of Minnesota are required to accept the allowed amount, are required to notify Blue Cross if you are admitted to a hospital and are required to file claims on your behalf. However in-network providers outside of Minnesota may or may not make notifications and/or obtain authorizations for you for services unrelated to notification of a hospital admission. Therefore, be sure to verify with your in-network provider located outside of Minnesota, before services are rendered, if they will notify Blue Cross and/or will obtain the authorization for you or if you need to notify or request authorization yourself.

bluecrossmn.com – A secure account designed specifically for you and covered family members. It's an easy-to-use place to manage your health, your health plan and costs, including your personal information.

Nonparticipating provider – A health care provider that has not entered into a network contract with a Blue Cross and/or Blue Shield plan. You are responsible for providing us with any notifications and/or obtaining any authorizations when necessary as well as submitting claims for any services you receive. Refer to the "Liability for Health Care Expenses" information in your plan documents for a description of the administrative and cost sharing for which you are responsible when using a nonparticipating provider. You may pay a significantly greater out-of-pocket expense when services are rendered by a nonparticipating provider.

Out-of-network provider – A health care provider who is not in the preferred network for your benefit plan. Out-of-network providers can include participating providers, a provider who has a network contract with a Blue Cross and/or Blue Shield, but is not an in-network provider. Out-of-network participating providers may or may not notify us when necessary, may or may not accept the allowed amount and may or may not file claims for you. Verify which of these services, if any, your out-of-network participating provider will perform on your behalf before services are received. Out-of-network providers may also include nonparticipating providers. For nonparticipating providers, you may pay a significantly greater out-of-pocket expenses and you will likely have to perform all notifications and file all claims.

Out-of-pocket maximum – The maximum amount of cost-sharing you must pay for covered services. The out-of-pocket maximum protects you from high expenses when your share of covered costs exceeds the out-of-pocket maximum amount within the plan year. The plan will pay 100 percent of your eligible services once you have reached the out-of-pocket maximum.

Participating provider – Providers who have a network contract with their local Blue Cross and/or Blue Shield plan. Participating providers can be in network or out of network and the cost to you for seeing Participating providers can vary significantly depending on your benefit plan. See more details in the definitions for in-network and out-of-network providers.

Preferred drug list – A list of prescription drugs preferred by your health plan.

Provider – The term “provider” includes doctors, nurse practitioners, specialists, clinics and hospitals. It also includes care facilities or professionals, such as physician assistants, chiropractors, psychologists and many others.

Retail health clinic – A health clinic that provides treatment for common illnesses and is usually located within or near a pharmacy or in a major retail store.

As Minnesota's health care leader, we live fearless. We believe good health is for everyone — not just our members. It's a big vision. And that's why we're investing in the communities we serve and empowering individuals to make smart choices about their health. Live fearless with the peace of mind that comes from knowing you're protected by the strength and stability of Blue Cross. We invite you to join us.
